

Federal / VA Healthcare Sourcing Capability Statement

Built for VA, VISN, IHS, NIH, DoD, and other federal healthcare buyers that need compliant onboarding, defensible pricing, and responsive access.

FEDERAL / VA

Procurement Ready

17+ Years In Business

43 States Licensed

3,100 Facilities Served

DSCSA / EPCIS Compliant & Ready

OVERVIEW

Premium Rx National supports federal healthcare buyers with compliant onboarding, traceable sourcing, and responsive support for hard-to-find and time-sensitive needs. PRN combines procurement readiness, fair-value pricing, and practical understanding of public-sector healthcare workflows.

Core Capabilities

- Procurement-ready support for licensed federal facilities and authorized institutional buyers
- Hard-to-find pharmaceuticals, injectables, IV products, biologics, vaccines, and OTC items
- Exact NDC review when available, with documented alternates when needed
- DSCSA-compliant distribution with EPCIS onboarding, GLN support, and tracing-record retrieval
- Multi-line quotes with ETA, package details, and cold-chain / freight coordination

Why Buyers Choose PRN

- 17+ years supporting healthcare buyers since Sept. 2009
- 3,100 facilities served across a 43-state licensing footprint
- SBA Small Business, SAM registered, DSCSA compliant, and EPCIS ready
- TrackTraceRX partner since 2015 for serialization visibility and documentation workflows
- Competitive, defensible pricing with responsive follow-through
- Experience with VA, VISN, IHS, NIH, DoD, and other public-sector healthcare workflows

Representative Past Performance

Selected documented federal and federal-healthcare awards demonstrating public-sector support, compliant execution, and responsive supply performance. Examples shown total \$4.81M+.

Buyer / Agency	Representative Scope	Cumulative Value
VA / VHA / VISNs 12, 20, 22, 23	IV solutions, Lactated Ringer's, pharmaceuticals, Gemfibrozil, and related supply support across multiple VISN orders	\$81.8K

3,100 Facilities Served

DSCSA / EPCIS Compliant & Ready

OVERVIEW

Premium Rx National supports state and correctional healthcare teams with responsive medication access, continuity support, and operationally clean delivery for routine, urgent, and shortage-driven needs. PRN combines fast follow-through, fair pricing, and workflow-friendly service.

Core Capabilities

- Responsive sourcing for routine, urgent, and hard-to-find pharmaceuticals, injectables, IV products, vaccines, biologics, and OTC items
- Exact NDC review when available, with documented alternatives when needed for continuity of care
- Single-item or multi-line quote support for one facility or many locations
- DSCSA-compliant workflows, cold-chain support, and time-sensitive shipping coordination
- Clean receiving documentation, short-dating disclosure, and shipment support aligned to institutional operations

Why Buyers Choose PRN

- 17+ years supporting healthcare buyers since Sept. 2009
- 3,100 facilities served across a 43-state licensing footprint
- Responsive shortage and replenishment support during urgent supply issues
- Competitive pricing and clear quote communication to support budget control
- Experience supporting state agencies and correctional healthcare environments
- Clean documentation and dependable follow-through that fit medication workflows

Representative Past Performance

Selected documented state-agency and correctional awards demonstrating continuity support, institutional fit, and responsive replenishment. Examples shown total \$7.81M+.

Buyer / Agency	Representative Scope	Cumulative Value
California Department of Corrections & Rehabilitation	80 listed purchase orders from 2020-2025 covering medications, IV items, masks, face shields, exam gloves, wipes, disposable lab coats, and shortage-response purchases	\$4.49M
Federal Bureau of Prisons / DOJ correctional facilities	Central Office, regional office, Field Acquisition Office, FMC Butner, FCI Texarkana, and FCC Forrest City support for masks, pharmaceuticals, gowns, lab coats, face shields, and related institutional needs	\$3.32M
California Department of Developmental Services	Sodium chloride and related institutional healthcare supply support	\$2.0K
